MOROCCO
People, Culture and Development

Interested in International Development, but don’t know how to get real world experience? Want to learn how local organizations abroad are making a difference dealing with youth development, gender issues, sustainable tourism, environmental issues, education, health, employability, renewable energy and other areas? Study abroad in Morocco!

Begin your educational journey with a homestay in the royal capital city of Rabat. Visit the Atlas Mountains town of Azrou. Travel to the village of Meski for homestays with local families and a contrasting taste of traditional Moroccan culture. Engage in community service projects, and cap off your experience with a desert camel trek and camping under the stunning night stars of the Sahara before returning to Rabat.
